Welcome to the new CourseSites. Blackboard has recently updated this service to the Blackboard Learning System 6.0 with Application Pack 3. All registered courses were moved to this latest release. If your course was not registered previously then it did not upgrade to this latest version. We've created a series of Quick Tutorials (below) to help you get started with all the new features. If you have questions about your migrated course or about the new release of Blackboard CourseSites, please contact CourseSites-Support@blackboard.com.

Create a course today!

Get started teaching online today with the full power of the Blackboard Academic Suite. Blackboard CourseSites provides free hosting for your course for 60 days. After 60 days, you pay just \$295 / year for complete hosting of your course. Courses include 50 megabytes of disk space, and hundreds of features to make teaching and learning on-line easy. To get started simply launch the Course Creation Wizard. **If you are an instructor and would like to register your course go to the Control Panel within the course and then select Course Registration.**

Rappelez-vous

- Blackboard est un instrument avec de nombreuses ressources. Une fois qu'on en a compris les fonctions de base, il est facile d'en découvrir de nouvelles.
- Blackboard ne peut être testé gratuitement que durant un mois. Ensuite il faut se procurer la version payante. Vous trouverez d'autres informations à ce propos sur le site internet de Blackboard.
- Il est important d'établir des règles précises pour les groupes de travail avant le lancement du forum: **à quelle fréquence** les élèves doivent-ils visiter le forum et **combien** de contributions doivent-ils fournir (au minimum) par semaine?
- En tant que modérateur du forum, l'enseignant doit s'efforcer:
 - de faire régner une bonne ambiance (exemple pour bien lancer les discussions: les élèves doivent imaginer qu'ils sont dans un bar et qu'ils peuvent parler librement de plein de choses)
 - de veiller à ce que tous les élèves respectent les règles des «nétiquettes» (= pseudo-identité / avatar sur internet)
